

The Pet Guardian Program

Alleviate worry by planning for your pet

The Program

The **Pet Guardian Program** was created as a benefit of the Legacy Society to **alleviate the worry** of what will happen to your pets should they outlive you. It is a **concierge service**, where our kind, compassionate staff will care for your animals **according to your specifications** while at Lollypop Farm. We will work to **match your pets with the perfect family**, ensuring they continue to be happy and loved.

Benefits

- After enrollment of your pets, complete **detailed pet profiles** about each pet, which is shared with future guardians
- **Access to foster care** if adoption is not immediate
- **Quality medical care** from our veterinary staff, if needed, including spay/neuter, microchipping, and vaccines.
- **Fast-tracked admission** into Lollypop Farm

To enroll your pet, contact Noah Engle, nengle@lollypop.org or 585-223-1330 x258
